

Easy-Trim Ventilation - Circular Soffit Vents

easy-trim[®] Ventilation

Description

The Easy Trim Soffit Vent provides the recommended 10000mmsqm/m ventilation opening at the eaves when installed at 250mm centers. Suitable for new builds and refurbishment projects.

Benefits

- Easy to install with a simple push-fit into fixing holes
- Suitable for use in both new or existing soffits
- Slot spacing designed to prevent ingress of large insects
- Complies with relevant building regulations and British Standards

Installation

Install into pre-drilled 67mm diameter openings in the soffit boards.
